PUBLIC WORKS COMMITTEE MEETING
September 12, 2017
9:00 A.M.

MEETING MINUTES

OPEN FORUM:

MATTER RE: Drainage – Residents from Susquehanna Road attended the meeting so that they could receive a status update regarding the proposed drainage project. The Committee reassured them that the project was still a priority, however, circumstances developed earlier this year that required the Town to shift focus on certain undertakings and defer their drainage project until late fall or winter.

OLD BUSINESS:

MATTER RE: Sustainability: The Committee discussed the proposed local law regarding Community Choice Aggregation (CCA) Program, which the Town Board will conduct a public hearing for at its September 13, 2017 meeting.

MATTER RE: Sustainability: The Committee also discussed the proposed local law regarding energy benchmarking for municipal buildings, which will allow the Town to monitor annual energy usage.

MATTER RE: Farmer’s Market: DPW staff has prepared the Environmental Assessment form for the project and for the Town Board to declare its intent for Lead Agency status.

MATTER RE: Development Proposal – 1201 Elmwood Avenue (Rochester Psychiatric Center/Terrence Building Site): The Developer (293A Alden Road, LLC) provided an update of the proposed plans for redevelopment of the above site, which is situated in the City of Rochester and the Town of Brighton. The City has approved demolition of the existing Terrence Building, however, the actual demolition will not occur for some time due to permitting and abatement activities that still need to be performed.

MATTER RE: Corbett’s Glen Nature Park - Parking: Town Engineer Guyon presented proposed modifications to better clarify the permitted parking and “no parking” areas, which should assist park visitors where it is permissible to park and BPD officers relative to enforcement of parking regulations. This plan was the result of continued discussion with Glen Road residents and the BPD.
