2P-03-18 1981 Clover Street - The Harley School  
Presented by Alex Amering, Costich Engineering

- Every effort should be made to have a net no loss of trees. New tree plantings could be planted throughout the site.
- The Board encourages the use of native plantings.

2P-04-18 1950 Brighton Henrietta T L Road & 2P-05-18 330 Metro Park  
Presented by Marathon Engineering

- Due to the reduction of greenspace on both properties, the Board suggests the planting of trees on the outside of the ring road as a means of mitigation.
- All gravel should be removed from the abandoned storage area and the ground properly treated to establish health ground cover.

- A hardwood street tree should be used along the frontage of 330 Metro park in lieu of the proposed ornamental trees.
- The Board encourages the use of native plantings.

2P-NB1-18 1095 East Henrietta Road

Presented by Marathon Engineering and Bob Dyjak, Faith Bible Church
