**5. Project Reviews**

3P-01-22 1905-1925 S Clinton Avenue  
Presented by Paul Colucci, DiMarco Group

- A more substantial (at maturity) street tree should be incorporated into the proposed landscaping plan perhaps replacing the October Glory maple. These street trees should be continued to the south along the entire project frontage, strategically placed to prevent disturbance during future phases, providing uniform street tree growth along South Clinton Avenue.
- Use of native plantings is encouraged.
- Continue the use of green infrastructure techniques.
- All other previous comments appear to have been adequately addressed.

**6. EMC Report**

Guest speaker Megan Meyers, Healthy Arts Monroe County addressed the Council and

promoted local Color Community Green programs and highlighted their overriding strategy of biodiversity with the goal of protecting and promoting native plants and wildlife. She mentioned the Healthy Arts Monroe County program that's targeted at the reduction of lawn area and replace it with native trees, shrubs and flowers and recycling compost with leaving it on te lawn instead of raking it up. She also mentioned that they conduct a number of education efforts through lectures and workshops.
